Description

Good lid hygiene is commonly recommended to treat dry eye disease, blepharitis, itchy eyes, contact-lens-related dry eye and other eye irritations. A daily cleansing routine has been shown to decrease symptoms and ease discomfort.

This kit offers both a convenient way to start a lid and lash cleansing routine **and** a \$25 saving compared to ordering the items individually. Don't wait, order your kit today.

3 EASY STEPS To Improve Your Eye Health and Hygiene

Good Eye Care & Hygiene Habits are as easy as Wipe-Spray-Warm

Daily lid hygiene is recommended for everyone, especially **dry eye and blepharitis sufferers, contact lens wearers** and those **preparing for ocular surgery**. The good news is that a simple three easy steps regimen—wipe, spray and warm—can help you treat or prevent or treat ocular issues while improving overall eye health.

This convenient kit brings key lid hygiene components together in one package: You'll receive the #1 Doctor Recommended **Bruder Moist Heat Eye Compress**, along with **Bruder Hygienic Eyelid Cleansing Wipes** and **Bruder Hygienic Eyelid Solution** (0.02% pure hypochlorous acid spray) and **Bruder Hygienic Eyelid Sheets**.
