Availability: 88

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Price: \$35.00

Short Description

Bruder single heat compress mask

Description

Our patented BRUDER Moist Heat Eye Compress opens oil glands and allows natural oils to flow back into the eye relieving discomfort from aging, contact lenses, use of digital devices and more.

The easy-to-use compress delivers an effective moist heat treatment. Simply microwave for 20-25 seconds and apply for 10 minutes or as prescribed by your doctor.

The compress helps stabilize the tear film, improves oil gland function and slows tear evaporation. Properly hydrated and lubricated eyes can expel bacteria and debris more efficiently so your eyes will feel refreshed and rejuvenated.

Safe for frequent use

Self-hydrating – no need to add water

Anti-bacterial and non-allergenic

Washable and reusable.

BRUDER MICROWAVE ACTIVATED MOIST HEAT COMPRESSES are a

natural, proven way to bring relief to dry eye syndrome, styes, chalazions and blepharitis.

Simply microwave and apply. A warm Bruder Moist Heat Compress helps unplug oil glands. This frees the oil in the glands to flow into the eyes and slows tear evaporation. There is no need to add water, no waiting and no mess ... just fast acting relief.

The Bruder Eye Hydrating Compress and Stye Compress feature naturally hydrating MediBeads®. Bruder Moist Heat Compresses: Replenish Moisture Refresh Eyes Relieve Dryness Reduce Inflammation Improve Meibomian Oil Gland Production Treat many types of eye irritations
